The Honorable Mario Diaz-Balart
Ranking Member
Subcommittee on Transportation, Housing
and Urban Development, and Related
Agencies
Committee on Appropriations
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Price and Ranking Member Diaz-Balart

I am requesting funding for the West Power Complex Water and Drainage Substation Project. The entity to receive this funding is Sewerage & Water Board of New Orleans, located in New Orleans, Louisiana.

The funding would be used for construction of an electrical substation to provide modernized power for provision of water/drainage services across the City of New Orleans. This improvement will increase the quality of the life for all residents of Orleans Parish by enabling the Sewerage & Water Board to reliably power its full stable of drainage pumps and drinking water pumps – two systems that are critical for public safety and which have suffered from age and historic lack of funding.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Troy A. Carter, Sr.
Member of Congress
